

## **St. David Unified School District #21**

PO Box 70 · 70 E Patton St. · Saint David, AZ 85630

Ph. 520-720-4781 · FAX 520-720-4783

July 22, 2020

Students, staff, parents, and community members:

St. David Schools has been known as one of the top districts in our county for many years. As a St. David resident these past 7 years, I have seen and heard many of the positive and impressive achievements the students have made academically, athletically, and as members of our community. When I was asked to be a part of the St. David team, I was very humbled and excited at the opportunity.

A key to long-term school and student successes is longevity and continuity of a teaching staff. In order to attract and retain good teachers, we must work to create a positive, collaborative, and comfortable school climate. A place where teachers want to be. A place where students, teachers, and parents are encouraged to work together for everyone's benefit. This truly is a community school, and we need to continue to keep it that way. I believe in the importance of team-work. No person, regardless of job title or job description is more important than any other. I look forward to being a part of this St. David team, and helping out wherever needed.

Thank you very much.

Kyle Hart, Superintendent
